Phishing Webinar

19 November 2020 – 16:00 CEST

Agenda

CYBERWISER.eu
Cyber Range & Capacity Building in Cybersecurity

Webinar Series - #3

19 November 2020, 16:00 CEST

Phishing

What is Phishing and how it works
Phishing Attack - cyber range exercise

LEARN MORE
Cyberwiser.eu

- 🔒 16:00 - 16:10 ; **Open Pilot Opportunities** – Lorenzo Palai (AON)
- 🔒 16:10 – 16:30 ; **One-minute pitches from our Pilot Owners - Who you are and your expectations** – Interaction with the Audience
- 🔒 16:30 - 16:35 ; **A Walkthrough the CYBERWISER.eu Platform** - Antonio Álvarez Romero (ATOS)
- 🔒 16:35 - 16:40 ; **Introduction to Phishing** - Vasileios Fotis (RHEA)
- 🔒 16:40 - 16:55 ; **Phishing exercise** - Vasileios Fotis (RHEA)
- 🔒 16:55 - 17:00 ; **Q&A from the Pilot Owners**
- 🔒 17:00 – 17:05 ; **Closing remark and open pilot reminder** – Lorenzo Palai (AON)

CYBERWISER.eu, in a nutshell

-  An **H2020 Innovation Action** aiming to become the EU's reference, authoritative, independent ***cyber range platform for professional training***.
-  From September 2018 through February 2021.
-  Featuring an **open pilot stream**, for you to get to use the CYBERWISER.eu platform (for free!) – pre-book your own pilot at <https://cyberwiser.eu/content/open-pilot-stream>

CYBERWISER.eu Open Pilot Scheme

- Helping to increase cybersecurity skill levels for technical and non-technical staff
- Customisable
- Open to any European organisation at no cost apart from investment in time and resources

www.cyberwiser.eu/content/cyberwisereu-open-pilot-scheme

Step 1: User requirements

 What information we need from you: the specs for your pilot

Requirement Needed from Pilot	Input Example	Notes
Legal Entity Involved in the Pilot	ACME Inc.	
Pilot Owner (Name & Role)	John Smith, CTO	
Deputy Pilot Owner (Name & Role)	John Doe	
Name of the Pilot	Training of ACME's Cybersecurity Team	
Desired starting date	January 2020	
Desired latest completion date	July 2020	
Number of resources to be trained	16	
Profile of the resources to be trained	15 IT Senior + 1 Middle Management	
Learning Path Chosen	Advanced	The basic and advanced paths are going to be illustrated during the workshop
Desired competences for the trainees	Practical tools for detection vs protection	More info on what is going to be available in CYBERWISER.eu will be discussed in the presentation from CYBERWISER.eu
Macro-description of the company IT infrastructure to be replicated within the pilot		
Any specific needs related to your business you want to flag for your own pilot		
Any other expectation/wishful thinking		

Step 2: Enrollment of pilot users & scheduling of the pilot

 Give us the list of the trainees to be registered

 We will prepare your workspace

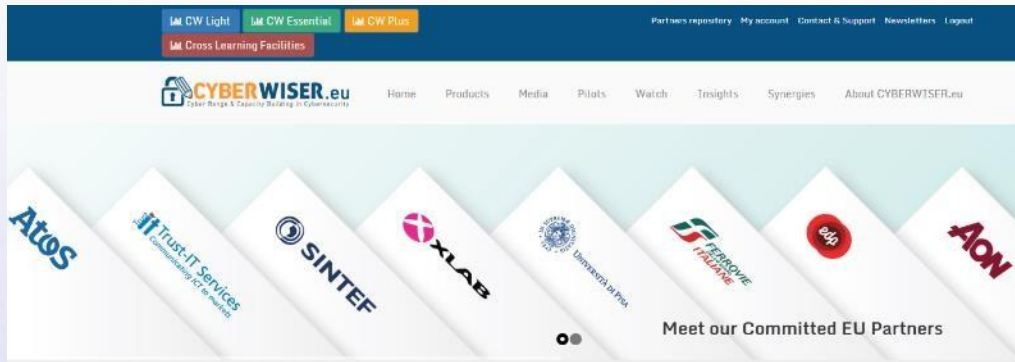

Fig.1 How to access the Platform

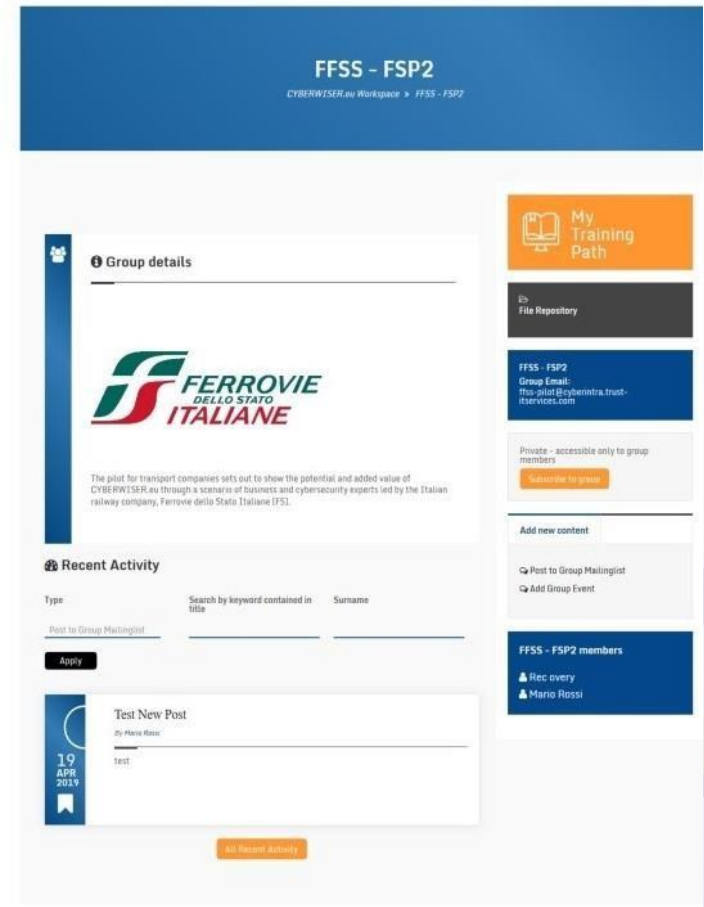

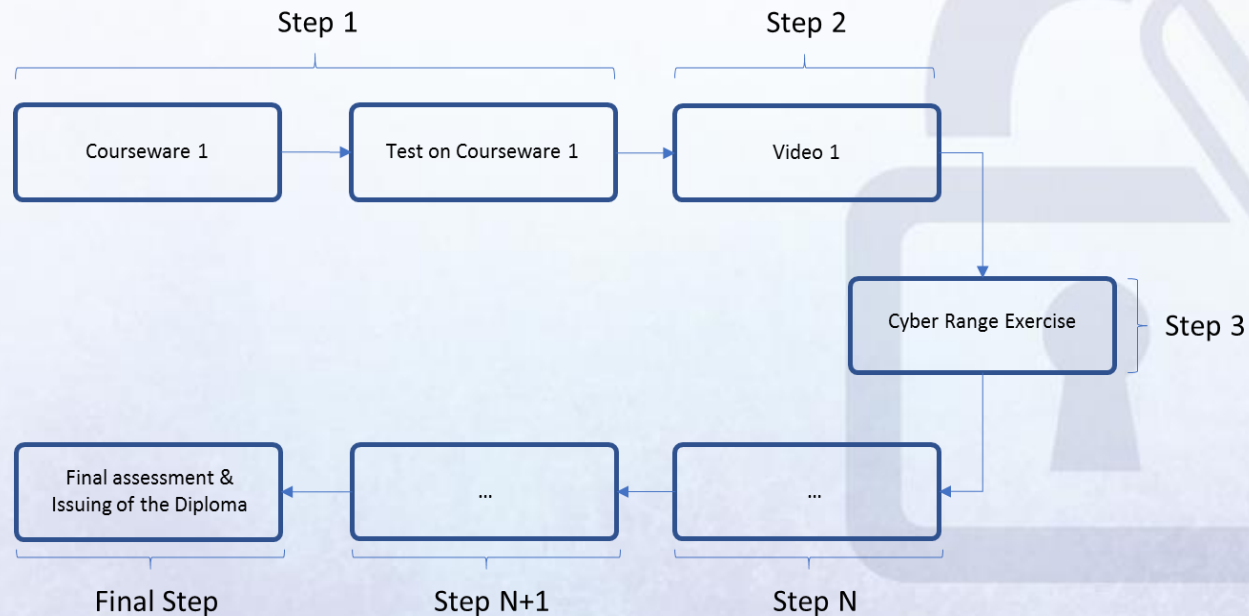

Fig.2 Workspace

Step 3: Piloting

🔒 After the registration, we will define the overall schedule for the training courses

(Learning Path = Online + webinars + classrooms + cyber range tests + assessment test)

Step 4: After the courses completion

- 🔒 You will have acquired highly-demanded cybersecurity skills
- 🔒 You will be ready to promptly and adequately react to cyber incidents, if you are targeted by cyber crime
- 🔒 But don't forget that cyber resilience is a journey, not a destination
 - 🔒 You will always have to keep learning and evolving your cybersecurity abilities. Cyber criminals keep forever challenging us with new types of attacks
- 🔒 Advanced users will be inserted in the Cybersecurity Professional Register (**CyPR**) www.cyberwiser.eu/cypr

Closing Remarks and Open Pilot Reminder

1. Apply to become a CYBERWISER.eu Open Pilot

Go to <https://cyberwiser.eu/content/open-pilot-stream>

2. View our post-webinar online report

Access the presentations & recording
